

Vertical Telescopic Spring

Material:
55-58 Rockwell o Stainless

| | |
|------|----------------------------------------------------------|
| d | Spindle or shaft diameter to protect |
| D1 | Telescopic spring inner diameter |
| D2 | Telescopic spring outer diameter |
| D3 | Inside diameter of housing bushing ($D2 + 6\text{mm}$) |
| D4 | Centering flange outer diameter ($D1 - 6\text{mm}$) |
| Lmin | Minimum compression of the telescopic spring |
| Lmax | Telescopic spring maximum length |
